

FUMC Men's Group Survey

Recent church leadership discussions have highlighted the need for a men's group here at Friendship. There are many different formats a group like this can follow, each emphasizing different aspects of our faith and fellowship. Before we launch into this exciting new program, we need to hear from all FUMC men about what they want and expect from our time together. SO...please complete the short survey below, and make your wishes known! Thanks in advance!
